TYNDALE SELECT BIBLE CARE

Congratulations on **C**rowning Tyndale Select, the highest quality binding available in the New Living Translation. For a lifetime of use, take note of these tips to protect your investment:

→ SPINE FLEXIBILITY

The durable Smyth Sewn binding should be gently stretched as soon as you bring it home so it will remain flexible for decades to come. Hold the closed Bible in one hand with the spine flat on a table. Then hold all of the pages together and let the covers slowly fall to the table. Next, take a section of pages from the front of the Bible and lay them down, running your fingers across the top page, near the crease, pressing gently. Still holding most of the pages upright in your hand, repeat, taking a section of pages from the back of the Bible. Continue repeating this process, first on one side and then on the other, until the entire Bible has been opened into two even halves.

→ MARKING

A well-marked Bible with personal notes will become very valuable to you as a companion and customized

reference tool. Do not use felt-tip or roller points, as these will often bleed through the pages. Instead, use a pencil or ball point pen or a special Bible marking highlighter or pen, available at most Christian bookstores.

→ LEATHER CARE

The best way to care for the calfskin leather cover is to use it. The natural oils from your hands actually nourish the leather fibers. To clean dirt or spills, dab with a soft cloth dampened with water and mild detergent, without getting the leather too wet. Wipe with a slightly damp cloth to remove soap residue. Dry with a clean soft towel.

{ GUARANTEED. FOR LIFE. }

Premier quality materials and meticulous old world craftsmanship come together to create a cherished heirloom. Carry this Bible and appreciate every word knowing the truth it contains—and the Bible itself—will be a part of a legacy to the next generation.

If for any reason this Bible does not meet your expectations, we will replace it or give you a full refund.
